Chisholm Hills Golf Club

INFORMATION

We are pleased that you are considering our golf course for your outing. We have the capabilities and the desire to insure you that your outing will be an enjoyable experience for everyone in your group. We recommend that you confirm a date at your earliest convenience.

The final details of your outing should be confirmed at least seven days prior to the outing date. At this time, you are guaranteeing the green fees and food request. Should you need additional green fees, you may exceed your reservation by as many as can be accommodated without disrupting other scheduled tee times.

Full payment is due seven days prior to your event. Please call immediately if there are any changes in your final count. Should you have less than the confirmed number (within seven days of the outing) we will issue a golf pass for each player not in attendance.

Events are played, rain or shine. In case of severe weather, which would cause the course to close prior to the start of an event, 100% of the golf will be credited; food will be served as the agreement states.
